### LAND LOSS PREVENTION

Could you lose your farmland due to back taxes? Let us help your family keep your land and get your farm business going so you never have to worry about losing your land again.

### Apprenticeships

Want to learn how to farm? Beginning farmers have both a part-time commuter and full-time immersion options (housing is limited). Online and experiential learning in vegetable & melon production, high tunnel, seeding production, livestock & more

### FARM VIABILITY PROJECTS

Pembroke landowners have the opportunity to take their lands from fallow to fruitful with a financial return. Farm business training, technical assistance & support to make your vision of a profitable farm manifest. Access USDA, NRCS resources to make your farm dreams come true!

### PEMBROKE FARMLAND LEASING

Is your family holding true to the commitment of family land being farmed but no one in the family wants to farm? We lease farmland to train our apprentices. Allow us to get your land to yield again.
